2009	Moldova (the Republic of)	Jun 12 - Jul 4, 2009	1,000	1.34	3.3	Face-to-Face	Romanian/Moldavian, Russian		Transnistria (Prednestrovie) excluded for safety of interviewers. The excluded area represents approximately 13% of the population.

Country Data Set Details

Gallup World Wide Research Data Collected from 2005/2006 - 2024

^a The design effect calculation reflects the weights and does not incorporate the intraclass correlation coefficients. Design effect calculation: $n * (\text{sum of squared weights}) / [(\text{sum of weights}) * (\text{sum of weights})]$

^b Margin of error is calculated around a proportion at the 95% confidence level. The maximum margin of error was calculated assuming a reported percentage of 50% and takes into account the design effect. Margin of error calculation: $\sqrt{(0.25/N) * 1.96 * \sqrt{DE}}$

^c Areas with disproportionately high number of interviews in the sample.

^d Reasons for these differences could include household sampling, respondent sampling in the household, errors in self-reports of actual attainment, or dated population information.

*Handheld data collection.

Data Collection Year	Country	Data Collection Date	Number of Interviews	Design Effect ^a	Margin of Error ^b	Mode of Interviewing	Languages	Over-Sample ^c	Exclusions (Samples are nationally representative unless noted otherwise)
2009	Montenegro	Sep 6-21, 2009	1,003	2.10	4.5	Face-to-Face	Montenegrin, Serbian, Bosnian, Albanian	Albanians in North, Cost and Podgorica	
2009	Nepal	Jun 19 - Jul 15, 2009	1,002	1.37	3.6	Face-to-Face	Nepali		
2009	Nicaragua	Jul 4-23, 2009	1,012	1.16	3.3	Face-to-Face	Spanish		
2009	Niger	Jun 19-28, 2009	1,000	1.29	3.5	Face-to-Face	French, Zarma, Hausa		The Northern part of the country (Agadez region) was excluded due to insecurity. The excluded area represents approximately 5% of the population.
2009	Nigeria	Jul 15 - Aug 6, 2009	1,000	1.35	3.6	Face-to-Face	English, Yoruba, Hausa, Igbo		
2009	Pakistan (4.1)	May 1-17, 2009	842	1.41	4.0	Face-to-Face	Urdu	Urban	FATA and AJK were excluded. The excluded area represents approximately 5% of the population. Gender-matched sampling was used during the final stage of selection.
2009	Pakistan (4.2)	May 1 - Jun 30, 2009	1,133	1.57	3.7	Face-to-Face	Urdu		FATA/FANA were excluded. The excluded area represents less than 5% of the population. Gender-matched sampling was used during the final stage of selection. Note: Improved sample coverage and change in data collection agency beginning June 2009 measurement.

2010	Cambodia	May 21 - May 30, 2010	1,000	1.62	3.9	Face-to-Face	Khmer		Rattanakiri, MondulKiri, Krong Kep, Koh Kong, Stung Treng, and Odor Meanchey provinces were excluded. These excluded areas represent less than 5% of the population of Cambodia.
2010	Cameroon	Feb 15 - Mar 2, 2010	1,200	1.62	3.6	Face-to-Face (HH)*	English, French, Fulfulde		
2010	Canada	Jul 19 - Sep 5, 2010	1,007	1.66	4.0	Landline Telephone	English, French		Yukon, Northwest Territories, and Nunavut were excluded from the sample.
2010	Central African Republic	Nov 2 - Nov 20, 2010	1,000	1.23	3.4	Face-to-Face	French, Sangho		Areas bordering Sudan and Chad excluded because of high rates of insecurity. Excluded areas represent approximately 35% of the population.
2010	Chad	Oct 10 - Oct 20, 2010	1,000	1.67	4.0	Face-to-Face	Chadian Arabic, French, Ngambaye		Eastern part of the country was not covered because of conflict on the border with Sudan. The excluded area represents approximately 20% of the population. The sample has a larger-than-expected proportion of respondents who report completing secondary education when compared with the data used for post-stratification weighting. ^d
2010	Chile	Jul 30 - Sep 4, 2010	1,007	1.45	3.7	Face-to-Face	Spanish		

Country Data Set Details

Gallup World Wide Research Data Collected from 2005/2006 - 2024

^a The design effect calculation reflects the weights and does not incorporate the intraclass correlation coefficients. Design effect calculation: $n * (\text{sum of squared weights}) / ((\text{sum of weights}) * (\text{sum of weights}))$

^b Margin of error is calculated around a proportion at the 95% confidence level. The maximum margin of error was calculated assuming a reported percentage of 50% and takes into account the design effect. Margin of error calculation: $\sqrt{(0.25/N) * 1.96 * \sqrt{DE}}$

^c Areas with disproportionately high number of interviews in the sample.

^d Reasons for these differences could include household sampling, respondent sampling in the household, errors in self-reports of actual attainment, or dated population information.

*Handheld data collection.

Data Collection Year	Country	Data Collection Date	Number of Interviews	Design Effect ^a	Margin of Error ^b	Mode of Interviewing	Languages	Over-Sample ^c	Exclusions (Samples are nationally representative unless noted otherwise)
2010	China	Jun 13 - Jul 29, 2010	4,151	2.06	2.2	Face-to-Face and Landline Telephone	Chinese	Beijing, Shanghai, Guangzhou	Xinjiang and Tibet were excluded from the sample. The excluded areas represent less than 2% of the population of China
2010	Colombia	Jun 18 - Jul 30, 2010	1,000	1.36	3.6	Face-to-Face	Spanish		
2010	Comoros (5.1)	Feb 22 - Mar 8, 2010	1,000	1.20	3.4	Face-to-Face	French, Comorian		
2010	Comoros (5.2)	Sep 16 - Oct 4, 2010	1,000	1.18	3.4	Face-to-Face	French, Comorian

2010	Sri Lanka	Apr 24 - May 21, 2010	1,030	1.68	4.0	Face-to-Face	Sinhala, Tamil		
2010	Sudan (5.1)	Feb 19 - Mar 4, 2010	912	1.74	4.3	Face-to-Face	Arabic, English		The sample does not include South Sudan. The Darfur region was excluded due to insecurity and fighting. The excluded areas represent approximately 24% of the population. The sample has a larger-than-expected proportion of respondents who report completing secondary education when compared with the data used for post-stratification weighting.^d

Country Data Set Details

Gallup World Wide Research Data Collected from 2005/2006 - 2024

^a The design effect calculation reflects the weights and does not incorporate the intraclass correlation coefficients. Design effect calculation: $n * (\text{sum of squared weights}) / ((\text{sum of weights}) * (\text{sum of weights}))$

^b Margin of error is calculated around a proportion at the 95% confidence level. The maximum margin of error was calculated assuming a reported percentage of 50% and takes into account the design effect. Margin of error calculation: $\sqrt{(0.25/N) * 1.96 * \sqrt{DE}}$

^c Areas with disproportionately high number of interviews in the sample.

^d Reasons for these differences could include household sampling, respondent sampling in the household, errors in self-reports of actual attainment, or dated population information.

*Handheld data collection.

Data Collection Year	Country	Data Collection Date	Number of Interviews	Design Effect ^a	Margin of Error ^b	Mode of Interviewing	Languages	Over-Sample ^c	Exclusions (Samples are nationally representative unless noted otherwise)
2010	Sudan (5.2)	July 23 - Aug 4, 2010	896	1.81	4.4	Face-to-Face	Arabic, English		The sample does not include South Sudan. The Darfur region was excluded due to insecurity and fighting. The excluded areas represent approximately 24% of the population. The sample has a larger-than-expected proportion of respondents who report completing secondary education when compared with the data used for post-stratification weighting. ^d

Gallup World Wide Research Data Collected from 2005/2006 - 2024

^a The design effect calculation reflects the weights and does not incorporate the intraclass correlation coefficients. Design effect calculation: $n * (\text{sum of squared weights}) / [(\text{sum of weights}) * (\text{sum of weights})]$

^b Margin of error is calculated around a proportion at the 95% confidence level. The maximum margin of error was calculated assuming a reported percentage of 50% and takes into account the design effect. Margin of error calculation: $\sqrt{(0.25/N) * 1.96 * \sqrt{DE}}$

^c Areas with disproportionately high number of interviews in the sample.

^d Reasons for these differences could include household sampling, respondent sampling in the household, errors in self-reports of actual attainment, or dated population information.

*Handheld data collection.

Data Collection Year	Country	Data Collection Date	Number of Interviews	Design Effect ^a	Margin of Error ^b	Mode of Interviewing	Languages	Over-Sample ^c	Exclusions (Samples are nationally representative unless noted otherwise)
2011	Tanzania	Jun 18 - Jul 1, 2011	1,000	1.54	3.8	Face-to-Face	Swahili, English		The Tanga region was excluded. The excluded area represents approximately 5% of the population.
2011	Thailand	Jun 11 - Jul 22, 2011	1,000	1.41	3.7	Face-to-Face	Thai		Three provinces in the South region, Pattani, Narathiwat, and Yala were excluded for security reasons. The excluded areas represent approximately 3% of the population.
2011	Togo	Aug 18-28, 2011	1,000	1.30	3.5	Face-to-Face	French, Ewe, Kabiye		
2011	Trinidad and Tobago	Nov 9-17, 2011	504	1.35	5.1	Face-to-Face	English		
2011	Tunisia (6.1)	Mar 27 - Apr 8, 2011	1,021	1.15	3.3	Face-to-Face	Arabic		
2011	Tunisia (6.2)	Sep 17 - Oct 30, 2011	1,013	1.23	3.4	Face-to-Face	Arabic		
2011	Turkey	Apr 14 - May 11, 2011	1,001	1.28	3.5	Face-to-Face	Turkish	Istanbul	
2011	Turkmenistan	Jun 9 - Jul 29, 2011	1,000	1.20	3.4	Face-to-Face	Turkmen, Russian		
2011	Uganda	Aug 11-21, 2011	1,000	1.48	3.8	Face-to-Face	English, Luganda, Ateso, Runyankole		Northern region was excluded due to presence of LRA rebels. The excluded area represents approximately 10% of the population.
2011	Ukraine	Jul 3 - Aug 28, 2011	1,000	1.50	3.8	Face-to-Face	Russian, Ukrainian		
2011	United Arab Emirates (6.1)	Mar 4 - Apr 23, 2011	1,024	1.40	3.6	Face-to-Face	Arabic		Includes only Emiratis and Arab expatriates; non-Arabs were excluded. It is estimated that more than half of the adult population is excluded.

^a The design effect calculation reflects the weights and does not incorporate the intraclass correlation coefficients. Design effect calculation: $n * (\text{sum of squared weights}) / ((\text{sum of weights}) * (\text{sum of weights}))$

^b Margin of error is calculated around a proportion at the 95% confidence level. The maximum margin of error was calculated assuming a reported percentage of 50% and takes into account the design effect. Margin of error calculation: $\sqrt{(0.25/N) * 1.96 * \sqrt{DE}}$

^c Areas with disproportionately high number of interviews in the sample.

^d Reasons for these differences could include household sampling, respondent sampling in the household, errors in self-reports of actual attainment, or dated population information.

*Handheld data collection.

Data Collection Year	Country	Data Collection Date	Number of Interviews	Design Effect ^a	Margin of Error ^b	Mode of Interviewing	Languages	Over-Sample ^c	Exclusions (Samples are nationally representative unless noted otherwise)
2013	France	Apr 29 - Jun 20, 2013	751	1.65	4.6	Landline and Mobile Telephone	French		
2013	Gabon	Aug 27 - Sep 9, 2013	1,008	1.57	3.9	Face-to-Face (HH)*	French, Fang, Teke, Punu		Stratification by geography began in 2013.
2013	Georgia	Jun 19 - Jul 9, 2013	1,000	1.36	3.6	Face-to-Face	Georgian, Russian		South Ossetia and Abkhazia were not included for the safety of the interviewers. The excluded area represents approximately 7% of the population.
2013	Germany	Apr 30 - Jun 26, 2013	751	1.39	4.2	Landline and Mobile Telephone	German		
2013	Ghana	Jun 13 - Jul 21, 2013	1,008	1.26	3.5	Face-to-Face	English, Hausa, Ewe, Twi, Dagbani		Stratification by geography began in 2013.

Gallup World Wide Research Data Collected from 2005/2006 - 2024

^a The design effect calculation reflects the weights and does not incorporate the intraclass correlation coefficients. Design effect calculation: $n * (\text{sum of squared weights}) / ((\text{sum of weights}) * (\text{sum of weights}))$

^b Margin of error is calculated around a proportion at the 95% confidence level. The maximum margin of error was calculated assuming a reported percentage of 50% and takes into account the design effect. Margin of error calculation: $\sqrt{(0.25/N) * 1.96 * \sqrt{DE}}$

^c Areas with disproportionately high number of interviews in the sample.

^d Reasons for these differences could include household sampling, respondent sampling in the household, errors in self-reports of actual attainment, or dated population information.

*Handheld data collection.

Data Collection Year	Country	Data Collection Date	Number of Interviews	Design Effect ^a	Margin of Error ^b	Mode of Interviewing	Languages	Over-Sample ^c	Exclusions (Samples are nationally representative unless noted otherwise)
2014	Algeria	Nov 16 - Nov 29, 2014	1,002	1.46	3.7	Face-to-Face	Arabic		Sparsely populated areas in the far South were excluded, representing approximately 10% of the population.
2014	Angola	Jul 17 - Aug 16, 2014	1,000	1.26	3.5	Face-to-Face	Portuguese		
2014	Argentina	Jul 17 - Aug 23, 2014	1,000	1.41	3.7	Face-to-Face	Spanish		
2014	Armenia	Jun 22 - Jul 21, 2014	1,000	1.41	3.7	Face-to-Face	Armenian		
2014	Australia (9.1)	Mar 19 - May 1, 2014	1,002	1.68	4.0	Landline and Mobile Telephone	English		
2014	Australia (9.2)	Sep 21 - Nov 13, 2014	1,000	1.65	4.0	Landline and Mobile Telephone	English		
2014	Austria (9.1)	Apr 14 - May 26, 2014	1,000	1.38	3.6	Landline and Mobile Telephone	German		
2014	Austria (9.2)	Sep 18 - Oct 20, 2014	1,000	1.16	3.3	Landline and Mobile Telephone	German		
2014	Azerbaijan	Jul 13 - Aug 8, 2014	1,000	1.25	3.5	Face-to-Face	Azeri, Russian		Kelbadjaro-Lacha, Nakhichevan and Nagorno-Karabakh territories not included. These areas represent approximately 14% of the total population.
2014	Bahrain (9.1)	Jun 1-26, 2014	1,005	1.78	4.1	Landline and Mobile Telephone	Arabic, English		Includes only Bahrainis, Arab expatriates and non-Arabs who were able to complete the interview in Arabic or English.
2014	Bahrain (9.2)	Dec 10, 2014 - Jan 31, 2015	1,004	1.53	3.8	Landline and Mobile Telephone	Arabic, English		Includes only Bahrainis, Arab expatriates and non-Arabs who were able to complete the interview in Arabic or English.
2014	Bangladesh	Apr 26 - May 13, 2014	1,000	1.28	3.5	Face-to-Face	Bengali		Three hill districts in Chittagong (Rangamati, Khagrachori & Bandarban) were excluded for security reasons. The excluded area represents approximately 1% of the population.

2015	Peru	Aug 8 - Sep 15, 2015	1,000	1.42	3.7	Face-to-Face (HH)*	Spanish		
2015	Philippines	May 12-18, 2015	1,000	1.41	3.7	Face-to-Face	Bicol, Cebuano, English, Filipino (Tagalog), Hiligaynon, Iluko, Maranao, Waray		
2015	Poland	Jun 2 - Jul 9, 2015	1,000	1.42	3.7	Face-to-Face (HH)*	Polish		
2015	Portugal	Apr 6 - May 5, 2015	1,021	1.44	3.7	Landline and Mobile Telephone	Portuguese		
2015	Romania	Jun 3 - Jul 5, 2015	1,001	1.37	3.6	Face-to-Face (HH)*	Hungarian, Romanian		
2015	Russian Federation	Jul 7 - Sep 17, 2015	2,000	1.65	2.8	Face-to-Face	Russian	Urban	The Chechen Republic, Republic of Ingushetia, Republic of Dagestan and the Republic of Crimea were excluded due to political instability. The Republic of Adygeya, Republic of Kabardino-Balkaria, Republic of Karachaevo-Cherkessie, and North Ossetia were excluded due to high crime levels. Remote small settlements in far-Eastern Siberia were also excluded. The excluded areas represent about 6% of the population.

Country Data Set Details

Gallup World Wide Research Data Collected from 2005/2006 - 2024

^a The design effect calculation reflects the weights and does not incorporate the intraclass correlation coefficients. Design effect calculation: $n * (\text{sum of squared weights}) / ((\text{sum of weights}) * (\text{sum of weights}))$

^b Margin of error is calculated around a proportion at the 95% confidence level. The maximum margin of error was calculated assuming a reported percentage of 50% and takes into account the design effect. Margin of error calculation: $\sqrt{(0.25/N) * 1.96 * \sqrt{DE}}$

^c Areas with disproportionately high number of interviews in the sample.

^d Reasons for these differences could include household sampling, respondent sampling in the household, errors in self-reports of actual attainment, or dated population information.

*Handheld data collection.

Data Collection Year	Country	Data Collection Date	Number of Interviews	Design Effect ^a	Margin of Error ^b	Mode of Interviewing	Languages	Over-Sample ^c	Exclusions (Samples are nationally representative unless noted otherwise)
2015	Rwanda	Jul 12-22, 2015	1,000	1.33	3.6	Face-to-Face (HH)*	French, Kinyarwanda		
2015	Saudi Arabia	May 24 - Jun 16, 2015	1,012	1.59	3.9	Landline and Mobile Telephone	Arabic, English		Includes Saudis, Arab expatriates, and non-Arabs who were able to complete the interview in Arabic or English.
2015	Senegal	May 7-20, 2015	1,000	1.31	3.5	Face-to-Face (HH)*	French, Wolof		
2015	Serbia	Jun 5 - Jul 28, 2015	1,000	1.39	3.6	Face-to-Face	Serbian

^a The design effect calculation reflects the weights and does not incorporate the intraclass correlation coefficients. Design effect calculation: $n * (\text{sum of squared weights}) / ((\text{sum of weights}) * (\text{sum of weights}))$

^b Margin of error is calculated around a proportion at the 95% confidence level. The maximum margin of error was calculated assuming a reported percentage of 50% and takes into account the design effect. Margin of error calculation: $\sqrt{(0.25/N) * 1.96 * \sqrt{DE}}$

^c Areas with disproportionately high number of interviews in the sample.

^d Reasons for these differences could include household sampling, respondent sampling in the household, errors in self-reports of actual attainment, or dated population information.

*Handheld data collection.

Data Collection Year	Country	Data Collection Date	Number of Interviews	Design Effect ^a	Margin of Error ^b	Mode of Interviewing	Languages	Over-Sample ^c	Exclusions (Samples are nationally representative unless noted otherwise)
2016	Yemen	Aug 11 - Oct 15, 2016	1,000	1.50	3.8	Face-to-Face	Arabic		Gender-matched sampling was used during the final stage of selection. Due to the ongoing security situation, half the PSUs were replaced with a similar PSU in the same province. In addition, al-Mahra Governorate and the island of Socotra were excluded due to their small size and remoteness. Altogether, over half of the population was either substituted or excluded.
2016	Zambia	Jun 20 - Jul 24, 2016	1,000	1.40	3.7	Face-to-Face (HH)*	Bemba, English, Lozi, Nyanja, Tonga		
2016	Zimbabwe	May 16 - Jun 17, 2016	1,000	1.49	3.8	Face-to-Face (HH)*	English, Shona, Ndebele		
2017	Afghanistan	May 22 - Jun 20, 2017	1,000	1.47	3.8	Face-to-Face	Dari, Pashto		Gender-matched sampling was used during the final stage of selection
2017	Albania	May 18 - Jun 12, 2017	1,000	1.30	3.5	Face-to-Face (HH)*	Albanian		
2017	Algeria	Sep 11-26, 2017	1,016	1.44	3.7	Face-to-Face (HH)*	Arabic		Sparsely populated areas in the far South were excluded, representing approximately 10% of the population.
2017	Argentina	Jun 22 - Aug 14, 2017	1,000	1.37	3.6	Face-to-Face (HH)*	Spanish		Those living in dispersed rural population areas were excluded. This represents about 5.7% of the population.
2017	Armenia	Jun 6-29, 2017	1,000	1.28	3.5	Face-to-Face (HH)*	Armenian		
2017	Australia	Apr 26 - Jul 17, 2017	1,003	2.12	4.5	Landline and Mobile Telephone	English		
2017	Austria	April 19 - May 18, 2017	1,000	1.27	3.5	Landline and Mobile Telephone	German

2017	Malawi	May 22 - Jun 1, 2017	1,000	1.37	3.6	Face-to-Face (HH)*	Chichewa, English, Tumbuka		
2017	Maldives	Nov 22-28, 2017; Dec 1, 2018 - Feb 11, 2019	1,000	1.22	3.4	Face-to-Face (HH)*	Dhivehi		Interviewing in Male was conducted in 2017; interviewing in remainder of the country was conducted in 2018/2019.
2017	Mali	Jul 23 - Aug 6, 2017	1,000	1.52	3.8	Face-to-Face (HH)*	French, Bambara		The regions of Gao, Kidal, Mopti and Tombouctou are excluded because of heightened insecurity. These four regions represent 23% of the total population.
2017	Malta	Aug 21 - Sep 22, 2017	1,004	1.55	3.8	Landline and Mobile Telephone	Maltese, English		
2017	Mauritania	Mar 27 - Apr 7, 2017	1,000	1.64	4.0	Face to Face (HH)*	French, Pulaar, Wolof, Hassanya		
2017	Mauritius	Jun 5 - Jul 7, 2017	1,000	1.48	3.8	Landline and Mobile Telephone	Creole, English, French		
2017	Mexico	Jun 8 - Jul 8, 2017	1,000	1.46	3.7	Face-to-Face	Spanish		
2017	Moldova (the Republic of)	Jul 21 - Aug 8, 2017	1,000	1.18	3.4	Face-to-Face (HH)*	Romania/Moldavia n, Russian		Transnistria (Prednestrovie) excluded for safety of interviewers. The excluded area represents approximately 13% of the population.
2017	Mongolia	May 25 - Jun 30, 2017	1,000	1.24	3.5	Face-to-Face (HH)*	Mongolian		

Country Data Set Details

Gallup World Wide Research Data Collected from 2005/2006 - 2024

^a The design effect calculation reflects the weights and does not incorporate the intraclass correlation coefficients. Design effect calculation: $n * (\text{sum of squared weights}) / ((\text{sum of weights}) * (\text{sum of weights}))$

^b Margin of error is calculated around a proportion at the 95% confidence level. The maximum margin of error was calculated assuming a reported percentage of 50% and takes into account the design effect. Margin of error calculation: $\sqrt{(0.25/N) * 1.96 * (DE)}$

^c Areas with disproportionately high number of interviews in the sample.

^d Reasons for these differences could include household sampling, respondent sampling in the household, errors in self-reports of actual attainment, or dated population information.

*Handheld data collection.

2019	India	Nov 4, 2019 - Jan 11, 2020	6,643	1.47	1.5	Face-to-Face (HH)*	Assamese, Bengali, Gujarati, Hindi, Kannada, Malayalam, Marathi, Odia, Punjabi, Tamil, Telugu		Excluded population living in Northeast states and remote islands. The excluded areas represent less than 10% of the population.
2019	Indonesia	Sep 30 - Oct 26, 2019	2,192	1.36	2.4	Face-to-Face (HH)*	Bahasa Indonesia		
2019	Iran	Jul 21-28, 2019	1,058	1.39	3.6	Landline and Mobile Telephone	Farsi		
2019	Iraq	Nov 27 - Dec 28, 2019	1,097	1.36	3.4	Face-to-Face (HH)* and PAPI	Arabic, Kurdish		The provinces of Maysan and Dohuk were excluded. These areas represent approximately 6% of the population.
2019	Ireland	May 7 - Jun 6, 2019	1,025	1.42	3.6	Landline and Mobile Telephone	English		
2019	Israel	Dec 5 - Jan 23, 2019	1,095	1.17	3.2	Face-to-Face	Hebrew, Russian, Arabic		The sample does not include the area of East Jerusalem. This area is included in the sample of the State of Palestine.
2019	Italy	May 6-30, 2019	1,025	1.99	4.3	Landline and Mobile Telephone	Italian		

Country Data Set Details

Gallup World Wide Research Data Collected from 2005/2006 - 2024

^a The design effect calculation reflects the weights and does not incorporate the intraclass correlation coefficients. Design effect calculation: $n * (\text{sum of squared weights}) / ((\text{sum of weights}) * (\text{sum of weights}))$

^b Margin of error is calculated around a proportion at the 95% confidence level. The maximum margin of error was calculated assuming a reported percentage of 50% and takes into account the design effect. Margin of error calculation: $\sqrt{(0.25/N) * 1.96 * \sqrt{DE}}$

^c Areas with disproportionately high number of interviews in the sample.

^d Reasons for these differences could include household sampling, respondent sampling in the household, errors in self-reports of actual attainment, or dated population information.

*Handheld data collection.

Data Collection Year	Country	Data Collection Date	Number of Interviews	Design Effect ^a	Margin of Error ^b	Mode of Interviewing	Languages	Over-Sample ^c	Exclusions (Samples are nationally representative unless noted otherwise)
2019	Jamaica	Dec 18 - Feb 17, 2020	501	1.51	5.4	Face-to-Face (HH)*	English		
2019	Japan	Aug 8 - Oct 18, 2019	1,023	1.32	3.5	Landline and Mobile Telephone	Japanese		Landline RDD, excluded 12 municipalities near the nuclear power plant in Fukushima. These areas were designated as not-to-call districts due to the devastation from the 2011 disasters. The exclusion represents less than 1% of the population of Japan.
2019	Jordan	Nov 4-16, 2019	1,001	1.27	3.5	Face-to-Face (HH)*	Arabic		
2019	Kazakhstan	Jul 11 - Sep 2, 2019	1,080	1.52	3.7	Face-to-Face (HH)*	Russian, Kazakh		
2019	Kenya	Jul 2-21, 2019	1,001	1.58	3.9	Face-to-Face (HH)*	English, Swahili		Mandera County, Wajir County, Marsabit County, Baringo County, and Garissa County (except some areas in Garissa and Lagdera districts) were excluded due to accessibility and/or security issues. The exclusions represent 8% of the population.
2019	Kosovo	Jul 1 - Oct 27, 2019	1,088	1.43	3.5	Face-to-Face (HH)*	Albanian, Serbian		
2019	Kuwait	Nov 3 - Dec 25, 2019	1,023	1.41	3.6	Landline and Mobile Telephone	Arabic, English		Includes only Kuwaitis, Arab expatriates and non-Arabs who were able to complete the interview in Arabic or English.
2019	Kyrgyzstan	Jul 21 - Nov 3, 2019	1,080	1.49	3.6	Face-to-Face (HH)*	Kyrgyz, Russian, Uzbek		
2019	Lao People's Democratic Republic	Oct 7-28, 2019	1,070	1.27	3.4	Face-to-Face (HH)*	Lao		Excluded Xaisomboun Province, Xayaboury Province and some communes that are unreachable and/or have security considerations. The excluded areas represent approximately 10% of the population.
2019	Latvia	Oct 27 - Dec 14, 2019	1,080	1.21	3.3	Face-to-Face (HH)*	Latvian, Russian

Data Collection Year	Country	Data Collection Date	Number of Interviews	Design Effect ^a	Margin of Error ^b	Mode of Interviewing	Languages	Over-Sample ^c	Exclusions (Samples are nationally representative unless noted otherwise)
2019	United Kingdom of Great Britain and Northern Ireland	May 7 - Jun 10, 2019	1,025	1.46	3.7	Landline and Mobile Telephone	English		
2019	United States of America	Apr 23 - May 23, 2019	1,026	1.67	4.0	Landline and Mobile Telephone	English, Spanish		
2019	Uruguay	Nov 26, 2019 - Jan 17, 2020	1,080	1.39	3.5	Face-to-Face (HH)*	Spanish		
2019	Uzbekistan	Jun 26 - Aug 10, 2019	1,080	1.55	3.7	Face-to-Face (HH)*	Uzbek, Russian		
2019	Venezuela	Sep 27 - Oct 28, 2019	1,080	1.41	3.5	Face-to-Face (HH)*	Spanish		The Federal Dependencies were excluded due to remoteness and difficulty of access. Exclusions represent less than 1% of the population.
2019	Vietnam	May 18 - June 21, 2019	2,000	1.33	2.5	Face-to-Face (HH)*	Vietnamese		Long An province was excluded. The excluded areas represent less than 2% of the population.
2019	Yemen	Oct 16 - Dec 22, 2019	1,140	1.49	3.5	Face-to-Face and Face-to-Face (HH)*	Arabic		Gender-matched sampling was used during the final stage of selection. Al-Mahra, Sadah Governorate, and the island of Socotra were excluded due to their small size and remoteness. These excluded areas represent less than 4% of the population. In addition, due to the ongoing security situation, half the PSUs were replaced with a similar PSU in the same province.
2019	Zambia	Oct 19 - Nov 27, 2019	1,000	1.32	3.6	Face-to-Face (HH)*	Bemba, English, Lozi, Nyanja, Tonga

2020	Albania	Sep 7 - Oct 6, 2020	1,000	1.41	3.7	Mobile Telephone	Albanian		

Country Data Set Details

Gallup World Wide Research Data Collected from 2005/2006 - 2024

^a The design effect calculation reflects the weights and does not incorporate the intraclass correlation coefficients. Design effect calculation: $n * (\text{sum of squared weights}) / ((\text{sum of weights}) * (\text{sum of weights}))$

^b Margin of error is calculated around a proportion at the 95% confidence level. The maximum margin of error was calculated assuming a reported percentage of 50% and takes into account the design effect. Margin of error calculation: $\sqrt{(0.25/N) * 1.96 * \sqrt{DE}}$

^c Areas with disproportionately high number of interviews in the sample.

^d Reasons for these differences could include household sampling, respondent sampling in the household, errors in self-reports of actual attainment, or dated population information.

*Handheld data collection.

^a The design effect calculation reflects the weights and does not incorporate the intraclass correlation coefficients. Design effect calculation: $n * (\text{sum of squared weights}) / ((\text{sum of weights}) * (\text{sum of weights}))$

^b Margin of error is calculated around a proportion at the 95% confidence level. The maximum margin of error was calculated assuming a reported percentage of 50% and takes into account the design effect. Margin of error calculation: $\sqrt{(0.25/N) * 1.96 * \sqrt{(DE)}}$

^c Areas with disproportionately high number of interviews in the sample.

^d Reasons for these differences could include household sampling, respondent sampling in the household, errors in self-reports of actual attainment, or dated population information.

*Handheld data collection.

Data Collection Year	Country	Data Collection Date	Number of Interviews	Design Effect ^a	Margin of Error ^b	Mode of Interviewing	Languages	Over-Sample ^c	Exclusions (Samples are nationally representative unless noted otherwise)
2022	Lao People's Democratic Republic	Sep 19 - Oct 16, 2022	1,000	1.55	3.9	Face-to-Face (HH)*	Lao		Excluded Xaisomboun Province, Xayaboury Province and some communes that are unreachable and/or have security considerations. The excluded areas represent approximately 7% of the population.
2022	Latvia	Aug 25 - Oct 5, 2022	1,014	1.41	3.7	Mobile Telephone	Latvian, Russian		
2022	Lebanon	Jul 14 - Aug 18, 2022	1,000	1.28	3.5	Face-to-Face (HH)*	Arabic		Hermel, Baalbak, and Bint Jbeil under the strict control of Hezbollah were excluded. The excluded areas represent approximately 10% of the population.
2022	Lesotho	Sep 10 - Dec 25, 2022	1,010	1.89	4.2	Face-to-Face (HH)*	English, Sesotho		
2022	Liberia	Aug 9 - Sep 12, 2022	1,001	1.32	3.6	Face-to-Face (HH)*	English, Pidgin English		
2022	Libya	Nov 9 - Dec 30, 2022	1,000	1.35	3.6	Mobile Telephone	Arabic		
2022	Lithuania	Aug 3 - Oct 16, 2022	1,000	1.24	3.4	Face-to-Face (HH)*	Lithuanian		Very small settlements (with less than 100 inhabitants) were excluded. The excluded areas represent approximately 9% of the total population.
2022	Luxembourg	May 30 - Jul 1, 2022	1,000	1.83	4.2	Landline and Mobile Telephone	French, German		
2022	Madagascar	Jun 16 - Jul 24, 2022	1,000	1.42	3.7	Face-to-Face (HH)*	French, Malagasy		Regions that were unsafe or unreachable were excluded from the sample. The excluded areas represent approximately 17% of the total population.
2022	Malawi	Aug 26 - Sep 6, 2022	1,000	1.26	3.5	Face-to-Face (HH)*	Chichewa, English, Tumbuka		
2022	Malaysia	Jul 21 - Sep 17, 2022	1,000	1.45	3.7	Face-to-Face (HH)*	Bahasa Malay, Chinese, English

2024	Congo (the Democratic Republic of the)	Aug 18 - Sep 30, 2024	1,000	2.13	4.5	Face-to-Face (HH)*	French, Lingala, Swahili		Parts of Bandundu, Bas Congo, Equateur, Kasai Occidental, Maniema, Province Orientale, Nord Kivu, Sud Kivu, Katanga were excluded due to insecurity. Geographic exclusions represent 19% of the population.

Country Data Set Details

Gallup World Wide Research Data Collected from 2005/2006 - 2024

^a The design effect calculation reflects the weights and does not incorporate the intraclass correlation coefficients. Design effect calculation: $n * (\text{sum of squared weights}) / ((\text{sum of weights}) * (\text{sum of weights}))$

^b Margin of error is calculated around a proportion at the 95% confidence level. The maximum margin of error was calculated assuming a reported percentage of 50% and takes into account the design effect. Margin of error calculation: $\sqrt{(0.25/N) * 1.96 * \sqrt{DE}}$

^c Areas with disproportionately high number of interviews in the sample.

^d Reasons for these differences could include household sampling, respondent sampling in the household, errors in self-reports of actual attainment, or dated population information.

*Handheld data collection.

Data Collection Year	Country	Data Collection Date	Number of Interviews	Design Effect ^a	Margin of Error ^b	Mode of Interviewing	Languages	Over-Sample ^c	Exclusions (Samples are nationally representative unless noted otherwise)
2024	Costa Rica	May 21 - Jul 4, 2024	1,003	1.24	3.4	Face-to-Face (HH)*	Spanish		
2024	Cote D'Ivoire	Jul 20 - Aug 14, 2024	1,000	1.43	3.7	Face-to-Face (HH)*	French, Dioula		PSUs with population less than 100 were excluded prior to sampling, corresponding to 9% of the population.
2024	Croatia	Sep 13 - Nov 15, 2024	1,000	1.25	3.5	Face-to-Face (HH)*	Croatian		
2024	Cyprus	May 16 - Sep 7, 2024	1,010	2.04	4.4	Mobile Telephone	Greek, English		
2024	Czech Republic	May 3 - Jun 25, 2024	1,003	1.27	3.5	Landline and Mobile Telephone	Czech		
2024	Denmark	Jun 24 - Aug 1, 2024	1,005	1.86	4.2	Mobile Telephone	Danish

2024	Tanzania	June 3 - July 5, 2024	1,001	1.47	3.8	Face-to-Face (HH)*	Swahili, Kishwahili		
2024	Thailand	Sep 7 - Dec 13, 2024	1,003	1.81	4.2	Face-to-Face (HH)*	Thai		Three provinces in the South region (Pattani, Narathiwat, and Yala) were excluded for security reasons; in addition, a few districts in other provinces were excluded. The excluded areas in total represent less than 4% of the population.
2024	Togo	Sep 21 - Oct 15, 2024	1,000	2.10	4.5	Face-to-Face (HH)*	French, Ewe		PSUs with less than 100 population were excluded prior to sampling. The excluded areas represent approximately 7% of the population.
2024	Tunisia	Jul 26 - Nov 29, 2024	1,000	1.29	3.5	Face-to-Face (HH)*	Arabic		
2024	Türkiye	Sep 9 - Nov 2, 2024	1,000	1.23	3.4	Face-to-Face (HH)*	Turkish		Gaziantep and Sanliurfa provinces, and portions of Adana, Hatay, Malatya provinces, were excluded due to an earthquake in February 2023. The excluded areas represent approximately 4% of the population.
2024	Uganda	Nov 19 - Dec 10, 2024	1,009	1.58	3.9	Face-to-Face (HH)*	Ateso, English, Luganda, Runyankole		Three districts in the North region were excluded for security reasons – Kotido, Moroto Nakapiripirit. The excluded areas represent 2% or less of the population.

Country Data Set Details

Gallup World Wide Research Data Collected from 2005/2006 - 2024

^a The design effect calculation reflects the weights and does not incorporate the intraclass correlation coefficients. Design effect calculation: $n * (\text{sum of squared weights}) / ((\text{sum of weights}) * (\text{sum of weights}))$

^b Margin of error is calculated around a proportion at the 95% confidence level. The maximum margin of error was calculated assuming a reported percentage of 50% and takes into account the design effect. Margin of error calculation: $\sqrt{(0.25/N) * 1.96 * \sqrt{DE}}$

^c Areas with disproportionately high number of interviews in the sample.

^d Reasons for these differences could include household sampling, respondent sampling in the household, errors in self-reports of actual attainment, or dated population information.

*Handheld data collection.

Data Collection Year	Country	Data Collection Date	Number of Interviews	Design Effect ^a	Margin of Error ^b	Mode of Interviewing	Languages	Over-Sample ^c	Exclusions (Samples are nationally representative unless noted otherwise)
2024	Ukraine	Aug 13-29, 2024	1,000	1.78	4.1	Mobile Telephone	Russian, Ukrainian		Some occupied territories with entrenched Russian control are excluded due to lack of coverage by Ukrainian mobile operators. The exclusion represents approximately 12% of the population.
2024	United Arab Emirates	Sep 19 - Oct 7, 2024	1,000	1.40	3.7	Mobile Telephone	Arabic, English, Hindi, Urdu		Includes only Emiratis, Arab expatriates and non Arabs who were able to complete the interview in Arabic, English, Hindi or Urdu.
2024	United Kingdom of Great Britain and Northern Ireland	May 13 - Jun 14, 2024	1,000	1.56	3.9	Landline and Mobile Telephone	English		
2024	United States of America	Jun 28 - Aug 1, 2024	1,000	1.99	4.4	Landline and Mobile Telephone	English		
2024	Uruguay	Aug 13 - Oct 26, 2024	1,000	1.30	3.5	Face-to-Face (HH)*	Spanish		
2024	Uzbekistan	Jun 13 - Aug 12, 2024	1,000	1.42	3.7	Face-to-Face (HH)*	Uzbek, Russian		The entire Karakalpak region was excluded, which corresponds to 6% of the total population in Uzbekistan.
2024	Vietnam	Jun 23 - Aug 31, 2024	1,000	1.33	3.6	Face-to-Face (HH)*	Vietnamese
